HOW DOES IT WORK?

1. Create your Domain Name

If you already have a domain name all we have to do is point it to your new web hosting account. If this is your first time choosing a domain name we will search to see if the domain you desire is available. If it's not available we will inform you and let you know which similar domains are available or that are close to the desired domain name.

2. Purchase a hosting plan

We have experience in designing websites in several hosting plans. Some are best for the drag and drop feature, others work well with the blog format, or if you need it professionally done and integrate your hosting features to your website. What really matters is the price ... you can pay at least \$2.95 a month, that's \$35.40 a year to host

your own website.

3. Select web design options

Tools are provided like web templates to allow you to design your own website. These tools are blogs, forums, e-stores, galleries, unlimited email, unlimited bandwidth and more. If you would like us to design your website your hosting and setup fees will be added to the design cost for any website design plan [Alpha Illustrations](#)*, [Black Professional Women](#), [Vision Grasp](#), or [Rachel Renata](#) websites offer. ***Alpha Illustrations web hosting fees are included with the design cost.**

Included in our packages are free logos, email marketing, and designs for social network groups or pages with an SEO rating of 95% or above ... (some of the features does not include Vision Grasp). If you choose the WordPress Essential the Black Professional Women, Vision Grasp, and Renata's Consulting, LLC website offer does not apply only Alpha Illustrations modify WordPress applications.

4. Control and Management

Take control of your web hosting by going to our [Website Services](#) page. Login to your account with the username and password sent to the email address you submitted on the form. You will have access to build your own website, blogs, e-stores, galleries, forums, emails, google ads, and other building tools. If you choose to allow Alpha Illustrations to manage your site, we will for 3 months at no cost under the Webmaster Plan. After the 3 months are completed you are welcomed to extend the plan for 3,6,9, or 12 months for a fee. We will handle all graphics, web, print, videos, music, social network banners, and email promotions. See <http://www.alphaillustrations.com/webmasterservices.html> for details.

All plans by Alpha Illustrations website design packages are contractual ... this will allow both parties to clearly understand what suppose to be added to the website. It's just an authorization of what you as the client wants done to your website and agree to the fees listed.

PRICES and PLANS

We offer a full suite of products designed to enhance your website, from e-commerce tools to marketing credits and more. Whether you're creating a simple homepage or a sophisticated online store for your business, Alpha Illustrations has everything you need to build your web presence.

Use the link above to complete the form ... do not pay attention to the \$50 deposit, it's included with the setup fee use this link <http://www.alphainustrations.com/aboutus.html> and click on the yellow button to the left panel marked Regular Payments to pay the web hosting and setup cost: \$60.40

I always advise clients that they should purchase their domain separately from web hosting. Please purchase a domain from Great Buy Domains, GoDaddy.com. Purchase the domain only ... they might try to sell you an email or hosting package but all you need is the domain. We could secure a domain for you & add the cost to your bill. This will allow me to point your domain to your hosting and move your email contacts to your website email.

Our website management plan (Webmaster Plan) remain the same, for a 5 page plan the cost is \$50 per week to management all files and changes to the website. We are responsible to market your website through eblast marketing and social networks. This fee is due 3 months after the website is completed. Turn-around time 1-3 days.

The (Random Plan) begin at \$35 per job and fees might exceed the standard price depending on your need. Turn -around time is 3-5 business days.
