YOUR WEBSITE AND LOGO CREATOR

ATTENTION: This special note is only to help you discover ways of saving money while promoting your business. As we do all our potential clients, this serves as a startup point for adding your business online, no fee is required.

First of all I would like to say welcome and thank you for visiting my website. I've had people who come to me after they have purchased a web-hosting at a low or reasonable price, later to have it skyrocket past their budget. These companies give them 2 options; pay the increased hosting cost or the alternative lose their hosting, web design and worse their identity the **domain**.

If you have a business your web presence is important, even for well established businesses your web presence reaches out to those you may never meet personally. This could bring in some extra revenue if it's done right.

## **NEED A WEBSITE?**

What most people ask when they are buying anything is; **How much?** Some companies sell you web hosting for free and give you the opportunity to design your own website. You might own the web hosting but the design is not really yours. If it's a template, there could be hundreds of people like yourself using the same template. Alpha Illustrations offers that option or we could design a website including a **logo/brand** for you. We won't use the templates provided by your hosting. Our designs are modeled after you select which logo you want to represent you or your company. This will ensure that your website will be unique. We offer **free consultations** to help you find your domain and web hosting, along with transferring all your emails to your new

website.

## **NO HIDDEN FEES**

Nothing is free, the initial plan might be free but when it expires a payment is due to renew your web hosting. There are businesses who sell you web hosting real cheap but that following year prices are much higher. Through Alpha Illustrations we have 1 hosting plan, and you decide how you want to pay ... 1, 2, or 3 year plan etc... After the initial setup fee of **\$25** there is no additional fee when when renew your hosting service. The setup fee is **\$25** and the web hosting is **35.40** which totals to **\$60.40** for the first year and to renew your web hosting for the following year is **\$35.88**. We are obligated to notify you if your yearly hosting fee changes.

## **BUDGET FRIENDLY**

We offer several ways to make designing your website affordable. Our packages includes web hosting and domain for the first year, you will be notified when to renew your web hosting and domain months in advance. There is no renewal fee for design.

We offer other avenues to have a website designed;

1. **Enter the FREE WEBSITE DESIGN CONTEST:** Offer ends on March 26, 2018
2. If you are a client of Rachel Renata Consulting
3. If you are a member of Black Professional Women.com
4. Vision Grasp offers 1-3 web page design for less than \$300

1-4 does not include web hosting and domain fees. 1-3 offers 5 main page designs with **10 sub pages**. No extra cost to add your social networks, or out-bound blogs /links.

The total cost for 2 and 3 **\$210.40** includes web hosting and design. #1 you will only pay for the web hosting.

None of these prices are final due to the cost of your **domain** which could vary from \$0 to \$15.
